-Proposal The phrase "seventy-five percent (75%) majority vote" within Article 4 BY-LAWS, Section 6. BY-LAW CHANGE REQUIREMENTS is replaced with "a simple majority of at least 51% of the total voting members, provided a quorum is present." For the purposes of this section, and to be aligned with Article 1, Section 5. COMPETITION COMMITTEE CLUB REPRESENTATION a quorum will be defined as at least 75% of the Competition Committee Representatives. Therefore, the revised section will state: "No MRANN rule or by-law may be modified or changed without a simple majority of at least 51% of the total voting members of the Competition Committee Representatives present at the Competition Committee meeting, provided a quorum is present. For the purposes of this section, and to be aligned with Article 1, Section 5. COMPETITION COMMITTEE CLUB REPRESENTATION a quorum will be defined as at least 75% of the Competition Committee Representatives. To make decisions concerning the rules, seventy-five percent (75%) of member clubs must be represented. \*Prior to voting on board members-

-Ricky Main asked why new board nominations were accepted after the last meeting. Ricky Dahlberg stated that the period was left open until the Friday at 5pm when voting and nominations were due, this was motioned and passed at the previous meeting.

Whatever M/C questioned whether the MRANN meeting was a sanctioned MRANN event, stating that nominees should be card hold members in order to participate. Ricky Dahlberg stated that it was up to interpretation, the non-card holding members had asked if they needed to purchase cards prior to the nominations being accepted, in which Ricky had told them no, they did not. Since Ricky had told them no, he allowed a 5 minute period in which the non card holding members could purchase cards. Ultimately, after further discussion with the board it was agreed that they did not need to purchase cards for their nominations to be accepted. Greg Pheasant then asked if it was not a sanctioned MRANN event if he could get into a fight and not receive a 5 race ban from the organization, Ricky D responded with technically yes.
